

# CWEB 600 Assignment #1

Due date: Tues Sept 21, 2021 approx. 11:55pm

**Late submissions:** The marks for late assignments will be modified as follows:

- Less than 24 hours late: original mark \* 0.75
- 24 hours late or more: a mark of 0 will be given

**Assignment notes:**

- Assignment #1 must be worked on individually. Any plagiarism or other academic misconduct will result in a mark of 0 for all offending parties and possible further consequences.
- Your HTML and CSS files should conform to standards as described in class.
- Any tools or techniques not covered in class are not allowed. Any use of such will be given a zero.

## Assignment Submission

1. Create a folder named ***assign1***. All files and folders for this assignment should be contained within this folder.
2. Complete Case Problem 2 from Tutorial 3 of your textbook, storing all files for the case within the ***assign1*** folder. Move the image files and style sheets into their own subfolders within this folder.
3. *Once complete, copy this folder or a zip archive of it to your submission folder.*

*Mark breakdown:*

*5 marks – creating folders and HTML and CSS files correctly*

*1-4 marks – each of the 16 steps listed*

**Total marks: 65**
